30TH ANNIVERSARY CELEBRATION

Our 30th Anniversary Open House was a beautiful reflection of what TEC has built over three decades — a community rooted in growth, equity, and shared purpose.

From inspiring guest speakers to lighthearted memories and connections, thank you for making it meaningful. Both Founding Director Elsie Lum and The County of Alameda CAO Susan Muranishi shared reflections of the creation of the TEC and its legacy and its future.

📸 Have a photo or favorite moment to share? We'd love to see it! Send it to us at tec.od@acgov.org.
